THE CAUSE

Khalif Temple No. 144 through the Khalif Foundation, Inc. is a non-profit charity organization which sponsors an annual Charity Golf Tournament to benefit clients who receive services through Piedmont Health Services and Sickle Cell Agency (PHSSCA).

Proceeds from the Charity Golf Tournament help support services provided by PHSSCA in Alamance, Caswell, Forsyth, Guilford, Randolph, and Rockingham counties in the areas of Sickle Cell Disease, Cancer and Diabetes.

These ailments alone affects numerous persons of all social and economic status. Sickle Cell mainly affects persons of African descent; but also occurs in those of Greek, Italian, Southeast Asian, Latino and European descent. As we know, Cancer and Diabetes effects all ethnic populations. Therefore, our goal is to assist in research and developing cures and treatments for those affected by these and other conditions that causes challenges in their health and overall well being.

PHSSCA is a non-profit community health agency that works to help patients reach their full potential by providing comprehensive services for sickle cell and other related genetic disorders. PHSSCA also addresses high-risk minority health issues such as HIV/AIDS and adolescent pregnancy through direct services and partnerships with other agencies.
